

SAP ABAP table VIQMEL {Generated Table for View}

The diagram illustrates the mapping of SAPMOSS fields to various SAP tables. The fields are organized into three main sections: SAPMOSS_ADDID, SAPMOSS_ADDRL, and SAPMOSS_ADDRL. Each section contains a list of SAPMOSS fields and their corresponding SAP tables. The fields are color-coded: red for mandatory, green for optional, and blue for optional with a default value. The SAP tables are color-coded: green for mandatory, yellow for optional, and blue for optional with a default value. The diagram uses dashed lines to connect the fields to their respective tables.

SAPMOSS_ADDID
